Security Cases

A. Electronic Security Box

- Sturdy, tamper-resistant security box is compact and light enough to transport anywhere
- Ideal for petty cash, jewelry, passports, titles, handguns, small electronics, collectibles, receipts, money orders, or any other valuables

Security Box is the perfect way to transport your valuables safely and securely. Features a programmable, battery-operated digital lock (batteries included) so it's easy to remember the code. Inner compartment has foam insert to prevent damage to valuables like jewelry, collectibles and electronics with capacity large enough to hold 8-1/2" x 11" papers flat. Constructed of heavy-gauge, double-walled steel with scratch & chip-resistant finish. Insert and insulating material provides general Fire-Resistance. Heavy-duty carrying handle is built into locking mechanism to resist tampering and stands up to the roughest treatment. Lid opens easily with secure, full length piano hinge. Black color.
