

Introducing theft security and bacteria growth product protection...

Prevents bacteria and fungal growth on the surface of the pen **New!**

MMF Chain-Riter™, Secure-a-Pen® and Wedgy® pens offer antimicrobial protection originating from a naturally-occurring silver technology that prevents bacterial and fungal growth on the surface of the pen. This long lasting protection evolves from an environmentally friendly technology and is EPA and FDA approved.* All of MMF security pens provide security features to prevent tampering and theft and keep your investment from walking off!

A. Chain-Riter™ Stick-On Counter Pens

Pen features ergonomic, tapered design for writing use; metal tip to prevent cracking; and metal band in center for easy disassembly during refills. Swivel socket and pen holder are constructed of chrome-plated metal for the look and feel of expensive pen sets and the strength to withstand daily abuse. Hard rubber base won't crack or break and is backed with double-coated adhesive to provide a strong bond to counters. Ball chain extends to length of 26" for maximum desk coverage. Chain-Riter™ pens use standard refills (sold separately).

Model No.	Description	Pen & Ink Color
28804*	Black	Fine
28808*	Blue	Medium

*Full color retail packaging.

B. Secure-A-Pen® Counter Pens

Unique design encases entire pen making refills quick and easy because entire pen snaps off and snaps on. Medium-point pen features rubberized grip and ridges for good feel and writing comfort. Round base is backed with adhesive and secures to any clean, flat surface. Mini-chain extends to length of 24" for maximum desk coverage. Color of pen is color of ink. Replacement pens will retrofit many existing security pens by cutting the chain and installing new pen.

Model No.	Description	Pen & Ink Color	Point Thickness
28904*	Pen, Chain & Base	Black	Medium
28908*	Pen, Chain & Base	Blue	Medium
28704*	Replacement Pen	Black	Medium
28708*	Replacement Pen	Blue	Medium

*Full color retail packaging.

*Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use.

Wedgy® Pens With NEW Agion Technologies Antimicrobial Protection

All Wedgy® pens are protected from bacterial and fungal growth with Agion® Antimicrobial protection.

Unique wedge shape provides finger comfort that fits right and feels right. Features a virtually indestructible telephone-type plastic coil that extends to more than five feet, yet coils back to less than six inches.

Pen, base and coil have matching black finish and metal pen tip unscrews for quick and easy refills. Wedgy® pens use standard ballpoint refills (sold separately).

A. Wedgy® Scabbard-Style Pens

Sturdy, adhesive-backed scabbard-style base mounts easily vertically, diagonally, or horizontally to telephones, partitions, refrigerators, or walls. Scabbard design holds pen firmly in place – it cannot fall out!
