

Our Kable® pens are made strong to deter theft and stay put!

Kable® Pens

- Features 23" nylon-coated aircraft cable that is so strong it cannot be severed with ordinary tools!

Ergonomically-designed Kable® pens deter theft, resist tampering, and stand up to daily abuse. Durable anodized aluminum pens feature a tapered barrel and a 23" nylon-coated aircraft cable that is so strong it cannot be severed with ordinary tools. Tamper-resistant pen features a unique locking sleeve that discourages attempts to dismantle it, yet can be easily unlocked without special tools for refills. Damage-resistant, spring-loaded tip retracts into pen if hit against a hard surface.

Sturdy, aluminum base mounts easily with double-backed adhesive or with hidden screw. Kable® pens use Jumbo Jogger refills. Refills are available (sold separately). Sold 1 per box.

A. Kable® Base And Pen Set

Durable anodized black aluminum pen features a tapered barrel and is linked to matching 3"W x 2-1/8"D x 1-1/4"H black aluminum base.

Model No.	Ink Color	Point Thickness	Pen & Base Color

A. Re-Trac-To™ Security Coil Pens

- Coil pens extend up to 5 feet to cover more counter space!

Anodized black aluminum pen features a cord that hyperextends for maximum counter space coverage. Virtually indestructible telephone-type plastic coil extends to more than five feet, yet coils back to less than eight inches. Tamper-resistant pen features a unique locking design that discourages attempts to dismantle it, yet can be easily unlocked without special tools for refills. Damage-resistant, spring-loaded tip retracts into pen if hit against a hard surface. Sturdy, adhesive-backed aluminum base mounts easily to any clean, hard surface. Re-Trac-To™ pens use Jumbo Jogger refills. Refills are available (sold separately).
