A. Cash Transmittal Bags

- Used by retailers to minimize cash disappearances. Can also be used to store valuables at hotels, health clubs, and during travel
- Ideal for retailers, small businesses, homes, and travelers

Bags are made of strong, clear 2.75 mil polyethylene and can be used to hold valuables such as currency, coins, checks, credit card receipts, gift certificates, jewelry and coupons. Feature a tamper-resistant adhesive seal that is permanent, simple to use, and provides added security when transporting valuables. Strong heat-sealed seams hold up to rough treatment and prevent bags from splitting at the seams. Large imprinted white-shaded box on side is perfect for identifying contents, owner's name, date, and dollar amounts directly on bag. Packed 500 per box.

B. Currency Deposit Bags

- Economical bags keep currency safe and organized during transport; identify contents at-a-glance
- Ideal for currency exchanges, retailers, small businesses, schools, government agencies, or any cash business

Bags are made of clear, 5.0 mil polyethylene and are used to transfer currency between stores, banks, branches, or offices. More economical than cloth bags for currency deposits, these clear plastic bags allow you to identify contents at-a-glance without opening bag. Use with seals and I.D. Tags (sold separately on pages 63-66) for added security and identification. Keep currency more organized with White Kraft Currency Straps (sold separately). Packed 100 bags per box.
