

Silver Bag I.D. Tags

- Color-coded and imprinted I.D. Tags provide at-a-glance identification of loose coin bags during transport
- Ideal for banks, retailers, currency exchanges, casinos, arcades, Laundromats, and most cash businesses

Tags can be used with Enviro™ seals and plastic seals to specify coin bag denomination & capacity and “ship to location” and/or “origination location.” Tags feature reinforced eyelets and are color coded to conform to Federal Reserve/ABA standards for coin denominations: pennies (red), nickels (blue), dimes (green), quarters (orange), halves (sand), and dollars (gray).

Standard Tags: Clearly imprinted with denomination and capacity for easy, error-proof inventory at-a-glance.

Imprinted Tags: For extra identification, choose to imprint tags with “ship to location” and/or “origination location.” When ordering imprinted tags, use Imprinted Model No. and specify what you want imprinted (allow 2-3 weeks lead time).

Double-Sided Imprinting Charges

- For extra identification of coin and currency bags, customize your tags with double-sided imprinting

To add imprinting to both sides of your tags, add both Model Nos. below to your order. Pays for itself if you save one bag from being mishandled or stolen.

Model No.	Description

Plain Color-Coded I.D. Tags

- Color-coded I.D. Tags provide at-a-glance identification of loose coin bags during transport
- Ideal for banks, retailers, currency exchanges, casinos, arcades, Laundromats, and most cash businesses

Durable Coin Bag I.D. Tags can be used with Enviro™ seals and plastic seals and feature reinforced eyelets. Color coded to conform to Federal Reserve/ABA standards for coin denominations: pennies (red), nickels (blue), dimes (green), quarters (orange), halves (sand), and dollars (gray).

Plain Tags: Write, stamp or laser print these plain tags to create your own unique identification system.

Imprinted Tags: Imprint tags with your own custom copy. When ordering imprinted tags, use Imprinted Model No. and specify what you want imprinted (allow 2-3 weeks lead time). Black ink unless otherwise specified. For double sided imprinting, reference Model Nos. 210900300 and 210900200.

Double-Sided Imprinting Charges

- For extra identification of coin and currency bags, customize your tags with double-sided imprinting

To add imprinting to both sides of your tags, add both Model Nos. below to your order. Pays for itself if you save one bag from being mishandled or stolen.

Full Custom Bag Program:

While MMF Industries offers a wide array of Stock and Catalog Custom bags in many sizes, styles and with a variety of material, color and personalization options, we may not have exactly what YOU need featured in this catalog. Depending on your specific transport, security and/or storage application, MMF's Custom Bag Experts, with over 50 years of experience, can modify an existing design or create a whole new bag based on YOUR specific design requirements. Full Custom Bags require 21 Business Days lead time.

Here's How:

1. Specify how your bag will be used
2. Size requirements
3. The material properties needed and/or specify type of material
4. Level of Security and Keying requirements
5. Color, closure style and any other important features needed
6. If you can, provide a sketch, photo or sample for our Design and Engineering team and we'll show you a final drawing and/or provide prototypes for approval to make sure we are meeting your exact needs!

Talk to your MMF Representative or contact Customer Service at 800-323-8181 for options, details and pricing.

You provide a sketch or a sample...

We'll design and manufacture it!
