

## Need Master Keyed, Dual-Control or Combination Locks on your cabinet?

Additional locks can be added to select cabinets to meet your individual security needs. Look for the **MTO** on select cabinets and information on individual cabinets. While Master Keyed and Keyed Alike locks can be equipped on all noted cabinets, Combination and Dual Control will be noted if available.

To order Master Keyed add **M** to Model No. before the last two digits of the Model No. listed. For example: **201901003** becomes **2019010M03**. For Keyed Alike add **KA**, Dual-Control lock add **D** and for Combination lock add **C**. Each lock change requires a \$24.95 charge; please add to price of each cabinet. Made to order; ships in 7 working days. Sorry, returns will not be accepted on MTO products.

### Uni-Tag™ Key Cabinets

- Keep track of your "loaner" keys and organize your business
- Perfect for offices, rental management, facilities management, storage facilities, fleet trucks, and auto rentals

Uni-Tag Key Cabinets are the most thorough system to organize multiple keys. **Here's how they work:**

1. Attach keys to numbered key tags and file on key rack slots for easy identification (key tags included). Slotted steel key racks hold key tags securely.
2. When a key is loaned or issued, an "Out Key" control tag recording key number, key recipient, and date is filled out. File "Out Key" tag in same slot as key originally resided to provide key tracking and accountability.
3. For additional organization, alphabetical and numerical lock location charts can be filled out (included).

Quality-constructed cabinet is made of durable heavy-gauge steel with scratch and chip-resistant pearl finish. Cabinets feature piano-hinged doors and key panels so they open and close easily. Door-mounted disc tumbler lock comes with two keys. Predrilled holes and mounting hardware (included) for easy wall mounting or attachment to partition hangers.

**MTO** Master-keyed, keyed alike, dual-control, or combination locks are available for an additional charge, see above.

### C. Modular Key Cabinet & Panel

- Organize your keys with expandable storage up to 300 keys

Cabinet has 60 numbered key tags and a register for up to 300 keys so you can add panels as your key storage needs grow. Adding key panels to the base cabinet increases the cabinet's capacity by 60 key tags per panel. Durable heavy-gauge steel construction with scratch and chip-resistant finish. Door-mounted disc tumbler lock comes with two keys. Cabinet door features full length piano hinge for easy movement. Predrilled holes and mounting hardware (included) for easy wall mounting or attachment to partition hangers. U.S. patent no. 6,422,671B1.

Model No.	Description	Color	W	Dimensions H	D

### D. 40-Key Cabinet with Combination Lock

- Organize your business and view all your keys at a glance

Cabinet comes with 40 numbered key tags, yellow "Out Key" control tags, and cross-reference chart to make key organization easy. Quality-constructed cabinet is made of durable heavy-gauge steel with scratch and chip-resistant finish. Door-mounted combination lock secures cabinet when not in use so no key is required. Cabinet features full length piano hinge and small, sturdy handle to make opening and closing a breeze. Predrilled holes and mounting hardware (included) for easy wall mounting or attachment to partition hangers.

Model No.	Color	W	Dimensions H	D
201204004*	Black	7-3/4"	11-3/8"	3-3/8"
201204003	Sand	7-3/4"	11-3/8"	3-3/8"

\* Full color retail packaging.
