A. Steel Time Card Racks With Adjustable Dividers

- Use two racks in tandem; one for employees clocked "In" and one for employees clocked "Out"
- Perfect for warehouses and manufacturing facilities where multiple shifts are employed

Racks accept most standard-sized time cards and give you the flexibility to adjust your pocket size to fit your needs. Use the wire divider to increase the width and number of pockets to accept a variety of materials including time cards, job tickets, magazines, catalogs, and your essential forms. These versatile racks are available in two different pocket depths. The 6" deep racks accommodate longer time cards and come with one wire divider that allows you to vary number of pockets from 12 to 24. The 5" deep racks come with two dividers and allow you to vary number pockets to 18, 36, or 54. Quality-constructed rack is made of durable heavy-gauge steel with scratch and chip-resistant finish. Pre-drilled holes for easy wall mounting.

Model No.	Description	Color	Dimensions		
			W	H	D
