

Enjoy theft security and long-lasting bacteria growth product protection...

MMF **Secure-A-Pen**[®], **Chain-Riter**[®] and **Wedgy**[®] pens offer antimicrobial protection originating from a naturally-occurring silver technology that prevents bacterial and fungal growth on the surface of the pen. This long lasting protection evolves from an environmentally friendly technology and is EPA and FDA approved[†].

A. Secure-A-Pen[®] Counter Pens

Unique design encases entire pen making refills quick and easy because entire pen snaps off and replacement pen snaps on. Medium-point pen features rubberized grip and ridges for good feel and writing comfort. Round base is backed with adhesive and secures to any clean, flat surface. Mini-chain extends to length of 24" for maximum desk coverage. Color of pen is color of ink.

Model No.	UPC Code	Description	Ink Color	Point Thickness
28904*	0 78541 28904 8	Pen & Base	Black	Medium

B. Chain-Riter[®] Stick-On Counter Pens

Pen features ergonomic, tapered design for writing use; metal tip to prevent cracking; and metal band in center for easy disassembly during refills. Swivel socket and pen holder are constructed of chrome-plated metal for the look and feel of expensive pen sets and the strength to withstand daily abuse. Hard rubber base won't crack or break and is backed with double-coated adhesive to provide a strong bond to counters. Ball chain extends to length of 26" for maximum desk coverage. Chain-Riter[®] pens use standard refills (sold separately).

Model No.	UPC Code	Ink Color	Point Thickness
28804*	0 78541 28804 1	Black	Fine
28808*	0 78541 28808 9	Blue	Medium

*Full color retail packaging.

[†]Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use.

Wedgy

A. *Secure™*

NEW!

- Fraud-resistant security ink helps prevent against check washing and identity theft

Smooth ballpoint writes easily - even on thermal paper.
